Convenor

Preliminary reminder

For Information and Action

CHANGE OF DATE OF THE NEXT MEETING OF SC30/WG1

As you all may already know, SC30 has now been disbanded and SC30/WG1 has become a part of SC32. Therefore it was decided in the Paris meeting to reschedule the next SC30/WG1 meeting in order to harmonise its work with SC32. The date for the first official meeting of SC32 is February 23-25 1998, and SC30/WG1 will meet in the same premises as SC32 on the previous week, i.e. February 16-20 1998. The meeting will take place in Washington DC, USA or close to Washington DC (Gaithersburg).

It was also decided that SC30/WG1 will try to arrange a special meeting for information exchange and planning with representatives of SC14 and SC21/WG3. This special meeting will be arranged during the meeting week of SC30/WG1 so, that the experts don't need to reserve extra meeting days for that meeting.

As the convener of SC30/WG1 I do hope that the change of date would not cause any problems in scheduling your trips and work. Looking forward to seeing you all in the meeting.

P.S. It was also decided that the Document NO72 will be further developed before the meeting by electronic means. I hope that the experts make comments and contributions on the document so, that we can finish the work on Topics 14 and 15 (at least for the time being) in the meeting. The document has been sent to you all by snail-mail and it can also be downloaded from the SC30/WG1 documents site ([HTTP://WWW.TELMO.FI/STY/SC30WG1](http://WWW.TELMO.FI/STY/SC30WG1))
