## **COMMENTS:**

### **Canada**

No. See comments below:

Canadian Comments on SC32 N1834B Letter Ballot

1. We do not believe a case has yet been made for separating the specification of Services from the specification of Processes, since the two are tightly linked.
2. We need clear definitions of Processes and Services and the distinctions between them.
3. We believe the material proposed for 19763-7 may be better incorporated into 19763-5.

### **Germany**
